2. As described in "Dividend Policy*," the Company has a basic policy of targeting a consolidated payout ratio of around 30% under Medium-Term Management Plan 2020. The Company has chosen not to announce a dividend forecast for the year ending March 31, 2021, in light of the following consolidated performance forecasts. Prompt notification will be provided when the dividend forecast for the year ending March 31, 2021, has been decided based on business trends.

Please refer to "Dividend Policy and Fiscal 2019-2020 Dividend under "1. Analysis of Business Results" of this document.

3. Consolidated Earnings Forecast for the Year Ending March 31, 2021 (April 1, 2020 - March 31, 2021)

Description of % is indicated as the change rate compared with the same period last year.

	Profit attributable to owners	s of the Company	Basic earnings per share
For the Year Ending March 31, 2021	Millions of Yen	%	Yen
Full-year	40,000	(34.2)	33.34

Note: 1. Basic earnings per share is calculated based on profit for the year (attributable to owners of the Company) and accounts for the acquisition of treasury stock completed on April 23, 2020, in accordance with a resolution made at the Board of Directors meeting held on March 27, 2020.

2. Based on the information available as of March 31, 2020, the Company projects that the current situation surrounding the global COVID-19 pandemic will continue until the end of June, and forward-looking statements are founded on this assumption. Actual results may differ materially based on various factors including the timing at which the COVID-19 pandemic ends; changes in economic conditions in key markets, both in and outside of Japan; and exchange rate movements. The Company will provide timely disclosure of any material changes, events, or other relevant issues.

 This document contains forward-looking statements based on information available to the company at the time of
 disclosure and certain assumptions that management believes to be reasonable. Sojitz makes no assurances as to
 the actual results and/or other outcomes, which may differ substantially from those expressed or implied by forwardlooking statements due to various factors including changes in economic conditions in key markets, both in and
 outside of Japan, and exchange rate movements. The Company will provide timely disclosure of any material
 changes, events, or other relevant issues.

1. Analysis of Business Results

(1) Overview of Fiscal 2019 (April 1, 2019 — March 31, 2020)

Economic Environment

In the year ended March 31, 2020, substantial economic slowdown was seen across the world. Factors behind this slowdown included trade friction between the United States and China, deceleration in the economic growth of China, unclear progress regarding the United Kingdom's withdrawal from the European Union, and conditions in the Middle East. Another major factor was the COVID-19 pandemic, which resulted in massive restrictions being placed on the movement of people and goods. Governments worldwide are taking steps to minimize the impacts of this pandemic and bring about a quick conclusion, including countermeasures for combating the spread of the virus as well as financial and fiscal measures.

Despite the anticipated recovery of growth in the United States in light of factors such as a trade agreement with China, a sharp dip was seen in the growth of the U.S. economy as the COVID-19 pandemic brought consumption and corporate activities to a halt.

Meanwhile, Europe faces mounting uncertainty with regard to the outlook for both economic and political trends. Economic growth struggled due to sluggish demand from China and other countries outside of the region and the uncertainty surrounding the United Kingdom's withdrawal from the European Union. Meanwhile, the sense of cohesion within the European Union was diminished in the face of the COVID-19 pandemic.

In China, economic slowdown became more pronounced, with the GDP growth rate dropping into the negative for first time. This outcome was a result of the COVID-19 pandemic, which halted production and other supply-side activities while diminishing demand by restricting the movement of people.

Growth in Asia has previously been supported by exports and private consumption. However, there is now a sense of concern regarding the possibility of future growth being stifled by global economic slowdown, supply chain disruptions, and limited consumer spending as the COVID-19 pandemic affects countries throughout the region.

Japan, meanwhile, experienced a modest growth trend. However, the Japanese economy took a quick downturn after the COVID-19 pandemic resulted in sluggish external demand and limited consumer spending.

Financial Performance

Sojitz Corporation's consolidated business results for the year ended March 31, 2020 are presented below.

Revenue	Revenue was down 5.5% year on year, to ¥1,754,825 million, due to lower revenue
	in the Chemicals Division, a result of declines in the transaction volumes of plastic
	resins and in the price of methanol, and in the Metals & Mineral Resources Division,
	a result of fall in sales prices in overseas coal businesses.
Gross profit	Gross profit decreased ¥20,462 million year on year, to ¥220,494 million, due to
	decrease in revenue.
Profit before tax	Profit before tax decreased ¥19,354 million year on year, to ¥75,528 million, as the
	declines in gross profit and share of profit of investments accounted for using the

equity method outweighed the benefits of the improved balance of other income and expenses stemming from the sale of thermal coal interests.

Profit for the year After deducting income tax expenses of ¥10,954 million from profit before tax of

 $\pm 75,528$ million, profit for the year amounted to $\pm 64,573$ million, down $\pm 10,646$ million year on year. Profit for the year (attributable to owners of the Company)

decreased ¥9,598 million year on year, to ¥60,821 million.

Comprehensive Comprehensive loss for the year was recorded ¥2,361 million, decreased ¥57,309 income for the year on year, compared with comprehensive income for the year of ¥54,948

million year on year, compared with comprehensive income for the year of ¥54,948 million in the previous fiscal year, following a decline in financial assets at fair value through foreign currency translation differences for foreign operations and other

comprehensive income along with lower profit for the period.

Comprehensive loss for the year (attributable to owners of the Company) was recorded, ¥4,220 million decreased ¥55,158 million year on year, compared with comprehensive income for the year (attributable to owners of the Company) ¥50,938

million in the previous fiscal year.

Results for the year ended March 31, 2020, are summarized by segment below.

Automotive

Revenue was down 7.1% year on year, to ¥225,276 million, as the acquisition of domestic and overseas automobile dealership businesses were counterbalanced by lower sales volumes in overseas automobile distributor businesses. Profit for the year (attributable to owners of the Company) decreased ¥4,029 million, to ¥2,380 million, following a decline in the net of other income and expenses in reaction to the sale of automobile-related company in the previous fiscal year.

Aerospace & Transportation Project

Revenue was up 28.1% year on year, to ¥35,631 million, as a result of higher income in aircraft-related transactions. Profit for the year (attributable to owners of the Company) decreased ¥2,168 million, to ¥1,794 million, due to a decline in other income stemming from impairment losses on Company-owned ships.

Machinery & Medical Infrastructure

Revenue was up 15.6% year on year, to ¥123,725 million, as a result of an increase in industrial machinery transactions. Profit for the year (attributable to owners of the Company) rose ¥1,804 million, to 4,567 million, due to higher gross profit and an increase in share of profit of investments accounted for using the equity method.

Energy & Social Infrastructure

Revenue was up 9.7% year on year, to ¥82,009 million, as a result of an increase in income from overseas gas-fired power generation businesses. Profit for the year (attributable to owners of the Company) rose ¥3,846 million, to ¥9,632 million, as an increase in gross profit counteracted the impacts of a decline in other income due to impairment losses on oil and gas interests.

Metals & Mineral Resources

Revenue was down 8.5% year on year, to ¥350,519 million, as a result of fall in sales prices in overseas coal businesses. Profit for the year (attributable to owners of the Company) decreased ¥10,359 million, to ¥20,104 million, as the declines in gross profit and share of profit of investments accounted for using the equity method

outweighed the benefits of the improved balance of other income and expenses stemming from the sale of thermal coal interests.

Chemicals

Revenue was down 11.6% year on year, to ¥446,429 million, as a result of lower transaction volumes of plastic resins and declines in the price of methanol. Profit for the year (attributable to owners of the Company) increased ¥285 million, to ¥9,269 million as the decline in gross profit was compensated for by lower selling, general and administrative expenses.

Foods & Agriculture Business

Revenue was down 10.2% year on year, to ¥115,219 million, following lower transactions volumes in overseas fertilizer businesses. Profit for the year (attributable to owners of the Company) decreased ¥915 million, to ¥1,365 million, as a result of a decline in gross profit and impairment loss of fixed assets on domestic marine products business.

Retail & Lifestyle Business

Revenue was down 2.2% year on year, at ¥310,274million, as the impacts of lower lumber and textile transactions were heavier than the gains from higher meat transactions. Profit for the year (attributable to owners of the Company) increased ¥239 million, to ¥5,963 million as an increase in other income due to the sale of real estate counteracted the impacts of a decline in gross profit.

Industrial Infrastructure & Urban Development

Revenue was up 3.6% year on year, to ¥34,480 million, because of an increase in real estate transactions. Profit for the year (attributable to owners of the Company) increased ¥387 million, to ¥1,474 million, as a result of an increase in share of profit of investments accounted for using the equity method.

(2) Financial Position

Consolidated Balance Sheet

Total assets on March 31, 2020, stood at ¥2,230,285 million, down ¥66,774 million from March 31, 2019.

This decrease was primarily a result of a decline in trade and other receivables under current assets associated with tobacco and chemical product receivables, which offset the increase in usage right assets stemming from the application of IFRS 16—Leases.

Total liabilities at March 31, 2020, amounted to ¥1,608,387 million, down ¥27,064 million from March 31, 2019, largely due to a decline in trade and other payables under current liabilities associated with tobacco and chemical product transactions, a factor that counterbalanced an increase in lease liabilities following the application of IFRS 16—Leases.

Total equity attributable to owners of the Company was ¥579,123 million on March 31, 2020, down ¥39,172 million from March 31, 2019. This decline was largely due to a decrease in other components of equity resulted primarily from foreign exchange rate and stock price fluctuations as well as to acquisition of treasury stock.

Sojitz consequently, on March 31, 2020, the current ratio was 161.4%, the long-term debt ratio was 79.1%, and the equity ratio* was 26.0%. Net interest-bearing debt (total interest-bearing debt less cash and cash equivalents and time deposits) totaled ¥613,174 million on March 31, 2020, ¥28,463 million increase from March 31, 2019. This resulted in the Company's net debt equity ratio* equaling 1.06 times at March 31, 2020. Lease liabilities have been excluded from aforementioned total interest-bearing debt.

(*) The equity ratio and net debt equity ratio are calculated based on total equity attributable to owners of the Company.

Under Medium-Term Management Plan 2020, the Sojitz Group continued to advance financial strategies in accordance with the basic policy of maintaining and enhancing the stability of its capital structure. In addition, Sojitz has been endeavored to maintain a stable financial foundation by holding sufficient liquidity as a buffer against changes in the economic or financial environment and by keeping the long-term debt ratio at its current level.

As one source of long term funding, Sojitz issued straight bonds in the amount of 10 billion in November 2019. Sojitz will continue to closely monitor interest rates and market conditions and will consider additional issues whenever the timing and associated costs prove advantageous.

As supplemental sources of procurement flexibility and precautionary liquidity, Sojitz maintains a ¥100 billion long-term yen commitment line (which remains unused) and long-term commitment line totaling US\$1.6 billion (of which US\$0.26 billion has been used).

(3) Consolidated Cash Flows

In the year ended March 31, 2020, operating activities provided net cash flow of ¥40,510 million, investing activities used net cash of ¥35,669 million, and financing activities used net cash of ¥12,164 million. Sojitz ended the year with cash and cash equivalents of ¥272,651 million, adjusted to reflect foreign currency translation adjustments related to cash and cash equivalents.

(Cash flows from operating activities)

Net cash provided by operating activities amounted to ¥40,510 million, consisted of business earnings and dividends received, etc. It was down ¥55,966 million year on year.

(Cash flows from investing activities)

Net cash used in investing activities totaled ¥35,669 million, down ¥6,531 million year on year. Investment outflows for the acquisition of coking coal interests in Australia and investment for telecommunication infrastructure business in Myanmar exceeded inflows from the sales of investments.

(Cash flows from financing activities)

Net cash used in financing activities amounted to ¥12,164 million, largely as a result of dividends paid and purchase of treasury stock. It was down ¥62,743 million year on year.

(4) Consolidated Earnings Forecast

Current forecast fiscal 2020 which the Company projects that the current situation surrounding the global COVID-19 pandemic will continue until the end of June, 2020, is as follows.

Profit for the year (Attributable to owners of the Company)

¥40.0 billion

The above forecast assumes a yen/dollar rate of ¥108/US\$

*Caution regarding Forward-looking Statements

This document contains forward-looking statements based on information available to the Company at the time of disclosure and certain assumptions that management believes to be reasonable. Based on the

information available as of March 31, 2020, the Company assumes that the current situation surrounding the global COVID-19 pandemic will continue until the end of June, 2020, and forward-looking statements are founded on this assumption. Actual results may differ materially based on various factors including the timing at which the COVID-19 pandemic ends; changes in economic conditions in key markets, both in and outside of Japan; and exchange rate movements. The Company will provide timely disclosure of any material changes, events, or other relevant issues..

(5) Dividend Policy and Fiscal 2019-20 Dividends

In addition to paying stable dividends to shareholders on an ongoing basis, Sojitz is also committed to enhancing shareholder value and improving its competitiveness by accumulating and effectively utilizing retained earnings. This endeavor has positioned as a basic policy and a top management priority. In accordance with this basic policy, the Company will target a consolidated payout ratio of around 30% under Medium-term Management Plan 2020.

Year-End Dividend

The year-end dividend for the year ended March 31, 2020, to be decided as follows based on a comprehensive evaluation business results, total equity, and other factors.

- 1) Type of property to be distributed as dividend Cash
- 2) Total value of dividend distribution and its allocation among shareholders ¥8.5 per share of Sojitz common stock, ¥10,378 million in total Including the interim dividend of ¥8.5 per share on December 2, 2019, fiscal 2019 dividends will total ¥17 per share or ¥21,011 million in aggregate.
- 3) Effective date of dividends from surplus June 19, 2020

FY2020 Dividends

Sojitz will target a consolidated payout ratio of around 30% under Medium-term Management Plan 2020 under the basic policy. Dividends for the year ending March 31, 2021, fiscal 2020 dividends has been undecided at present considering "(4) Consolidated Earnings Forecast" of this document.

(6) Business Risks

Among the business risks facing the Sojitz Group, disaster risks are as follows.

Natural disaster and calamity risks

The Group could be directly or indirectly affected in the event of an earthquake, flood, storm, or other natural disaster or by a widespread pandemic that damages offices or other facilities or impacts employees and/or their family members. The Group has prepared disaster and pandemic response manuals, conducts disaster response drills, and has established an employee safety confirmation system and a business continuity plan, but it cannot completely avoid the risk of damage from natural disasters. The Group's operating performance and/or financial condition could therefore be adversely affected by natural disasters and widespread pandemics.

The Sojitz Group has taken various measures to combat the global COVID-19 pandemic based on government policies, action plans, and requests. These measures have prioritized preventing the spread of the virus inside and outside of the organization and protecting the safety of employees and other Group stakeholders. Specific measures have included staggering workhours; promoting teleworking; encouraging employees to take paid vacation days; instituting more rigorous regulations related to business trips, meetings, and events; requesting that individuals coming to Japan from overseas stay at home; spreading understanding of office infection prevention methods; tracking and managing employee health through the Health Support Office; and disseminating information on the steps to be taken should an individual become infected with COVID-19. In addition, the Group is tracking the state of this pandemic through its global network, issuing evacuation and other instructions based on by-region conditions, and helping distribute surgical masks on a global level.

2. Group Business Operations

Sojitz Group is engaged in a wide range of businesses on a global basis as a general trading company. Our main businesses are trading, import, and export of products, domestic and overseas manufacture and sale of a diverse array of products, provision of services in Japan and overseas, planning and organizing of various projects, investment in diversified business areas, and financial activities.

The Group consists of 430 consolidated subsidiaries and equity method associates, including 300 consolidated subsidiaries and 130 equity method associates. 3. Management Policies

(1) Fundamental Policy

Based on the articles of Sojitz Group Statement and the Sojitz Group Slogan, the Sojitz Group is committed to maximizing two types of value: "value for Sojitz," which contributes to the fortification of our business foundation and to ongoing growth, and "value for society," which contributes to economic development on regional and national scales and to human rights and environmental awareness.

Sojitz Group Statement

The Sojitz Group creates value and prosperity by connecting the world with a spirit of integrity.

Sojitz Group Slogan

New way, New value

Prosperity Two Types of Value **Creating Common Values** Value for Sojitz Value for Society Enhanced business foundationSustained growth The World Exercise capabilities Innovate ▶ Speed up Strategies Business Governance nd Overseas Bases Brands Finances **Business Foundation**

Sojitz's Value Creation Model

(2) Medium- to Long-term Business Strategy and Targeted Performance Indicators

Medium-Term Management Plan 2020

Medium-Term Management Plan 2020—Commitment to Growth—is the three-year plan established by the Sojitz Group started in April 2018. Initiatives are currently being implemented to accomplish the goals of this plan.

Under this plan, the Sojitz Group will pursue steady growth by increasing the value of its assets while managing cash flows to continue conducting disciplined investments and loans (total of ¥300.0 billion over the three-year period of the medium-term management plan).

Our target for profit for the year (attributable to owners of the Company) in the final year of the plan will be ¥75.0 billion or more, which is to be achieve through average annual growth of approx.10% over the plan period from the previous year. More information on Medium-Term Management Plan 2020 can be found on Sojitz's corporate website (https://www.sojitz.com/en/).

The targeted performance indicators in Medium-Term Management Plan 2020 are as follows.

Performance Indicator	Target	
ROA	3% or above	
ROE	10% or above	
Net D/E ratio	1.5 times or lower	
Dividend payout ratio	Approximately 30%	

Based on the Company's shareholders equity costs of approximately 7% to 8%, targets for the management indicator of return on equity (ROE) have been set. In addition, Companywide targets have been formulated for return on assets (ROA) along with segment ROA targets for the final year of the medium-term management plan to facilitate efforts to achieve the ROE targets.

In the year ended March 31, 2020, the second year of Medium-Term Management Plan 2020, economic growth in developed countries continues to decelerate as a result of the trade friction between the United States and China, the economic slowdown in China, and geopolitical risks. Furthermore, the global COVID-19 pandemic that began in 2020 has diminished demand and greatly reduced sales in various industries, thus having a massive impact on the economy. In this environment, profit for the year (attributable to owners of the Company) amounted to ¥60.8 billion in the year ended March 31, 2020. This outcome was due to lower sales in the Chemicals Division, a

result of reductions in plastic resin transactions and in methanol prices, and in the Metals & Mineral Resources Division, a result of falling sales prices in overseas coal businesses. Another factor was sluggish sales in automotive and retail businesses.

In order to achieve the sustainable growth described in Medium-Term Management Plan 2020, the Sojitz Group will continue to adhere to its policy of conducting approximately 300.0 billion of new investments and loans. By enacting this policy, we will surely accumulate quality assets. Investments and loans in the year ended March 31, 2020, amounted to around ¥80.0 billion. Targets of this investment included automobile consumer finance companies; solar power, offshore wind power, and other renewable energy projects; communications towers and other infrastructure; airports; and shopping centers.

Furthermore, the Sojitz Group is advancing initiatives targeting future growth. For example, a corporate venture capital fund was established to invest in start-ups in countries around the world and measures are being implemented to create innovation and acquire and reinforce functions.

Through the implementation of the Medium-Term Management Plan, the Company seeks to accomplish the goals of the Sojitz Group Statement and achieve ongoing growth. To this end, we are increasing our focus on sustainability in management and furnishing foundations and systems based on our six Key Sustainability Issues (Materiality) and on our policy of incorporating the resolution of environmental and social issues into Sojitz's business. In addition, sustainability challenges have been established as a long-term vision to define the Sojitz Group's stance toward long-term initiatives for addressing climate change, human rights, and other global social issues.

For the year ending March 31, 2021, the Company projects profit for the year (attributable to owners of the Company) of ¥40.0 billion, return on assets of 1.8%, and return on equity of 6.8%. This forecast is based on the assumption that the global economy will experience slowdown as a result of the COVID-19 pandemic and that the current conditions will continue until the end of June, 2020.

In this situation, Sojitz intends to conduct investments and loans in promising projects with the potential to generate significant earnings in this fiscal year and beyond. These investments and loans will be carried about while being mindful of the need to control cash flows and to disburse business portfolios and risks on a Companywide basis. At the same time, Sojitz will endeavor to increase the values of businesses and assets in which investments and loans have already been executed. In this manner, it will conduct investments and loans and accumulate a portfolio of quality assets in pursuit of ongoing growth.

Medium-Term Management Plan 2020 ~ Commitment to Growth ~

Under Medium-Term Management Plan 2020, we will endeavor to link prior initiatives to growth while engaging in ambitious undertakings to achieve steady growth going forward.

Achieve steady growth

- Continue investing in future growth
- Realize earnings contributions from previously executed investments and loans
- Improve business and asset value and reinforce business management capabilities

Challenge for future growth

- Reinforce functions for growth
- Enhance strategies and implementation capabilities
- Challenge for new initiatives

Disciplined Balance Sheet and Cash Flow Management

Maximization of human resources capabilities Risk Management Strategies

Corporate Governance

Improvement of procurement quality

Exercise comprehensive strength and strengthen competitiveness

Achievement of continuous growth

Establishment of sustainable growth

Establish business domains and foundations of strength

Further growth and challenge

4. Basic Policy Regarding Selection of Accounting Standards

Sojitz Corporation has adopted International Financial Reporting Standards (IFRS) to improve the convenience and international comparability of its financial information and to standardize accounting treatments within the Group.

(6) Changes in Accounting Policies and Accounting Estimates Based on Requirements of International Financial Reporting Standards

With the exception of the following policies, the accounting policies applied to the consolidated financial statements for the year ended March 31, 2020, are the same as those applied to consolidated financial statements for the year ended March 31, 2019.

Effective April 1, 2019, the Company has applied the following mandatory standards.

Standard	Name	New / revised policies
IFRS 16	Leases	Revision of definition, accounting treatment, and disclosure method of leases

Effective April 1, 2019, the Company applied IFRS 16—Leases.

IFRS 16 does not categorize leases as finance leases or operating leases, but rather entails introduction of a uniform accounting model. Under this model, in principle, all leases are accounted for by recognizing right-of-use assets representing the right to use the underlying leased asset over the lease period and lease liabilities representing the obligation to make lease payments. As a result of recognizing right-of-use assets and lease liabilities, the Company must also recognize depreciation on the right-of-use assets and interest expenses on the lease liabilities.

For lessors, the standards under IFRS 16 are relatively unchanged from the prior standards. Accordingly, lessors continue to categorize leases as operating leases or finance leases.

In regard to leases as the lessee, the Company recognizes right-of-use assets and lease liabilities on the commencement day of the lease period. Lease liabilities are recognized by first measuring the total outstanding amount of the lease at discounted present value. After recognition, the book value of the lease liabilities is adjusted to reflect interest associated with the lease and lease payments made. Right-of-use assets are first recognized by measuring the acquisition cost by adjusting the initially measured value for the initial direct costs. After recognition, the value is measured by deducting accumulated depreciation and accumulated impairment losses. Depreciation of right-of-use assets is performed using the

straight-line method over the shorter of the lease period and the usable life of the lease assets. Lease payments for short-term leases and small-sum asset leases are recognized as expenses using the straight-line method over the lease period.

The application of IFRS 16 has had the following effects on the Company.

1. Transition Approach

The Company used the modified retrospective approach to transition to IFRS 16.

Accordingly, past figures have not been restated, and retained earnings at April 1, 2019, were adjusted by the aggregate amount of impact of applying IFRS 16.

2. Lease Definition

The Company has chosen to apply the practical expedient that allows it to continue using prior judgments of whether or not a transaction constitutes a lease. For this reason, IFRS 16 will only be applied to arrangements previously recognized as leases. Arrangements previously not recognized as leases in accordance with IAS 17—Leases and IFRIC 4—Determining whether an Arrangement Contains a Lease are not reassessed to determine whether they constitute leases under IFRS 16. Accordingly, the definition of leases based on IFRS 16 are only applied to such arrangements formed or amended after April 1, 2019.

3. Leases as Lessee

With regard to leases previously classified as operating leases under IAS 17, right-of-use assets and lease liabilities have been recognized as of the date of initial application of IFRS 16. The Company measured lease liabilities at the present value of the total remaining lease payments, discounted using the lessee's incremental borrowing rate at the date of initial application. The right-of-use assets at the time of transition are recognized using either of the following methods:

- Recognized at book value assuming that IFRS 16 had been applied at the start of the lease period, but discounted using the lessee's incremental borrowing rate at the date of initial application
- Recognized as an amount equal to lease liabilities adjusted by the amount of any prepaid or accrued lease payments

With regard to leases previously classified as operating leases under IAS 17, the following practical expedients were used in applying IFRS 16.

- Dependence on evaluations of disadvantage of leases by applying IAS 37–Provisions, Contingent Liabilities and Contingent Assets immediately before the date of initial application as an alternative to impairment reviews
- Application of the exemption of not recognizing right-of-use assets or lease liabilities for leases for which the period ends within 12 months of the date of initial application
- Exclusion of initial direct costs from measurements of right-of-use assets at the date of initial application
- Use of post-fact judgments for calculating lease period, etc. for leases for which agreements include extension or cancellation options
- 4. Impact on Consolidated Financial Statements for the Year Ended March 31, 2020 As a result of the application of IFRS 16, ¥68,720 million in additional lease-related assets, including right-of-use assets, and ¥70,498 million in additional lease liabilities were recognized on the consolidated statements of financial position on the date of initial application.

In addition, the method of accounting for operating lease payments as lessees recorded on the consolidated statements of profit or loss as expenses at time of incurring under the previously applied IAS 17 have changed to recognize these payments as depreciation on right-of-use assets and as interest expenses on lease liabilities. Accordingly, the method recognition for these payments on the consolidated statements of cash flows have changed from recognition as a net cash outflow from operating activities to recognition as repayment of lease liabilities which account for a net cash outflows from financing activities. The impact of these changes on [profit and loss items / the consolidated statements of profit or loss] in the year ended March 31, 2020, was minimal.

(7) Segment information

Information regarding reportable segments

Main products and services of reportable segments are in 2.Group Business Operations.

The accounting method for the reported business segments are basically consistent with those used in the Consolidated Financial Statements, except with respect to the calculation of income tax expenses.

Prices for intersegment transactions are determined in the same way as general transactions and with reference to market prices.

For the year ended March 31, 2019 (April 1, 2018 – March 31, 2019)

(Millions of Yen)
